

OPEN ACCESS PUBLISHING POLICY

1. It is a condition of all research and research-related grants funded by the Trust that the Trust is informed when a manuscript is accepted for publication. A copy of the final manuscript of all peer-reviewed papers supported in whole or in part by an award from the Trust must be deposited in an open access archive such as Europe PMC, to be made freely available within three months of publication.
2. All Trust grant holders submitting manuscripts to journals should first check whether the publisher supports open access and how they can comply with paragraph (1) above.
3. The Trust's grants for funding medical research are not available to cover in whole or in part, open access fees levied by publishers who demand payment to allow manuscripts to become available.
4. This policy will be reviewed after a period of two years.
